

SAYS POULTRY INDUSTRY HAS TO HELP SELF

WASHINGTON (AP)—Assistant Secretary of Agriculture Clarence Miller said today the nation's poultry industry—with government backing—must "merchandise" itself out of a serious oversupply and the lowest producer prices of eggs in 18 years.

Miller made the statement as representatives of 34 farm, poultry and food trade organizations from all parts of the country met in a closed session with Secretary of Agriculture Ezra Taft Benson to discuss an accelerated merchandising program for eggs.

Miller told newsmen the meeting would not go into proposals advanced by some poultry groups for broad government purchases of eggs and lay hens. A House agriculture subcommittee, which has been holding hearings on the situation, has suggested such action, but Benson has opposed it.

In inviting the producer and trade groups to today's meeting, Benson said "every effort should be made to obtain maximum consumer purchases of this excellent food product."

Producer prices of eggs have dropped to levels that fail to reflect production costs of many producers, particularly smaller ones. Representatives of smaller producers in the Northeast say many poultrymen face bankruptcy.

\$250,000 Muffler Silences One Jet

FARMINGDALE, N. Y. (AP)—The 20,000-pound thrust jet engines of the F-105 jet fighter-bomber have been muffled at Republic Aviation's airfield here by a huge silencer.

Snubbed around the tail of the big plane, the two-story high \$250,000 silencer soaks up the roar when the J-75 engines are being tested. It's so effective, company engineers claim, that you can stand in the shadow of the muffler and carry on a normal conversation while the jet engine is running full blast.

Mayor Has Way Of Collecting Debts

WAUSAU, Wis. (AP) — Mayor Ben C. Schuck is not only Wausau's chief executive, he's pretty good at collecting old bills — for the city.

When he took office Schuck found a stack of old bills nobody had bothered to collect. Most of the money was due for paving improvements, some of them made in 1953.

The mayor said that in some cases residents had not paid because they felt the jobs weren't completed. "In such cases we did the work and collected the bills," he said.

"My office has collected \$4,343 in old bills," he declared.

Lost In Swamps; Has A Familiar Excuse

SUFFOLK, Va. (AP) — "I thought I could make it back to the road by myself but I missed the track and got lost."

The words were those of S. Sgt. Raymond Alley, found in Virginia's Dismal Swamp after being lost 24 hours on a deer hunt. He is one among many who have found the swamp baffling and required rescue.

Dog Gets Pheasant Master's Gun Misses

LOCKPORT, N. Y. (AP) — When pheasant hunting, jury commissioner Benjamin L. Donner may not always hit his game, but he has something extra going for him. When Donner missed a bird recently, his dog Betsy sprinted after the pheasant as it scurried through the brush, caught it, and brought it back to her master.

Sensible Skunk Is Happy For Freedom

BATAVIA, N. Y. (AP) — State Police here had to cope with a skunk wearing a space helmet. Well, sort of a space helmet.

Sherman Paterson of nearby East Pembroke reported the skunk was roaming his backyard with its head stuck in a bottle, looking something like a creature from outer space.

Trooper Warren Terryberry and Paterson teamed up. Terryberry tugging at the bottle and Paterson gingerly holding down the skunk's tail with a long stick. They freed the skunk, who appreciatively left the air still fresh and clear.

Prize Cows Swim In Backyard Pool

TUCSON, Ariz. (AP) — Carl Waldt found two cows swimming in his backyard pool. He grabbed them by the ears and led them to the shallow end, where they scrambled out.

Then in splashed a third cow. He took it out too.

Later he learned a gate had been left open at the nearby University of Arizona dairy farm — and the prize Holsteins just sauntered out.

Scharf Will Present Local Resolution To Committee At Hearing In Washington

The following resolution, stating Gettysburg's position with reference to the acquisition of additional battlefield land, will be presented to a Senate committee by Henry M. Scharf at a hearing on the question of funds in Washington Tuesday or Wednesday:

Unique Position
"Gettysburg holds an unusual place in the mind and heart of the nation and the world. Through the years millions of persons have made pilgrimages to the battlefield to find here a renewed patriotism and a renewed belief in democracy and our nation."

"Gettysburg, and the nation, has been fortunate that through the years most of the land over which the troops of the North and South fought has remained much as it was at the time of the battle—farmland to which has been added only needed avenues to permit the following of the course of battle and markers to designate and honor the troops from both the North and South who participated."

Battlefield Threatened
"Today a condition has arisen which can destroy much of what residents of Gettysburg and the millions of visitors have always considered the battlefield."

"Within the areas owned by the federal government are 681 acres of privately held land which for various reasons has been opened for sale and development."

"If the privately held land is developed, for housing or industry, whole areas of the battlefield could disappear. Those who now visit the Peace Light can look toward the town of Gettysburg and view the land over which much of the First Day's fighting took place almost as it was when the troops occupied those fields. Yet all of that land, more than 200 acres in the Meals farm and county home farm, will be for sale for any private purpose unless the federal government moves now to purchase it and keep it as it is and was."

"Beautiful Vista"
"If the Meals and county home

farms are developed, Barlow's Knoll and all of the area about it could disappear in a welter of buildings."

"Similarly the tourists approaching the Peace Light from the south sees before him a beautiful vista that is but slightly changed from the scene of 1863. Some 20 acres of privately held land in the area, if developed, could wipe out that vista entirely."

"The 70 acres of the Shierly farm extend from the Emmitsburg Rd. to W. Confederate Ave. across fields still much as they were when Longstreet's troops swept across them. Still in private hands, the land, if it is developed, could divide the area in which much of the fighting on July 2 and 3 took place into two sections, unrelated, and the tourist would be unable to conceive of the fighting as it took place in 1863."

"The 80 acres of the Wolf farm today are wooded as they were in 1863. If that privately held land is developed, Devil's Den and Big Round Top could be the scene of housing developments or factories, rather than a majestic scene recalling the history of our nation."

"There are many other smaller sites of an acre or two which lie in such places that their development could cause irreparable damage and they too should be bought."

"There is an urgent need that funds be allocated now, while these vast areas remain as they were—farm land—for the money spent today can save investments of millions to buy the land after development. In addition the purchase today will protect the millions of dollars worth of battlefield that already is held by the federal government."

"More important than the monetary value of the other federal holdings, the loss of these vast areas of farm land to development could wipe out, to a large extent, one of our nation's greatest heritages."

"THE HIDDEN VALLEY"

There is a hidden valley . . . far from the city's roar . . . haven of deep enchantment . . . where love lives evermore . . . cradled in Dame Nature's bosom . . . surrounded by four hills . . . is a spot where hearts are happy . . . listening to whippoorwills . . . peace fills every nook and corner . . . with a tenderness sublime . . . and the code to live is kindness . . . with profound reason and rhyme . . . people there share worldly troubles . . . yet somehow they're not the same . . . when brotherhood is prevalent . . . there burns a friendship flame . . . perhaps you may think I'm drifting . . . on a dream cloud in the sky . . . but you can find a hidden valley . . . if you set about to try.

Plane Tries To Dodge Storm; 2 Die

OAKLAND, Calif. (AP) — Two fliers were killed when their small plane crashed in a flaming explosion on a busy freeway near Castro Valley Sunday.

It narrowly missed an approaching car. The driver veered into roadside dirt.

Killed were Julius Clausen, 55, of San Francisco; and Julie W. Schoening, 50, of Mill Valley. Schoening was a carpenter, Clausen a gas station operator.

The plane ran into storm clouds over the hills 10 miles southeast of Oakland and, according to Lt. Tom Cowell, a Navy helicopter pilot who saw the mishap, crashed trying to avoid the turbulence.

RURAL PASTOR

(Continued From Page 1)

and the people of his congregations. He acknowledged the aid of Dr. Howard S. Fox, who was president of the synod when the Rev. Mr. Frantz came to Arendtsville-Biglerville.

The pastor also said that of his seminary professors, but one survives and he, who is an uncle of Rev. Mr. Frantz, was among those present. He is the Rev. Dr. Oswin S. Frantz, Millersville, now retired.

Basis Of Award
The Rural Pastor Award was established in 1953 and has among its standards "a long period of consecrated and effective service in town and country churches."

With at least five years in the present church and "some distinct contribution toward solution of problems affecting the town and country church."

During a reception which followed, he and Mrs. Frantz were each presented a wrist watch from the Zion and Trinity congregations and he a 12-volume set of "The Interpreters' Bible."

The Christian Fellowship Class of Trinity Church served 34 guests at the buffet supper which preceded the service. The buffet was in the Fellowship Hall in Biglerville. The Eveready Class of Zion served the refreshments for the reception at Zion Church.

In his remarks, the Rev. Mr. Greene emphasized three points, stewardship, justice and community. He noted that the rural community is undergoing rapid change in many ways. While the church retains its inner message, he said, it needs to adjust to these changes.

Waste Abhorred
Referring to stewardship, he cited the progress made in soil conservation. Stewardship, he said, "abhors waste . . . cries out against the kind of advertising that says this brand of cigarette is better than that . . . that this soap will do this for us. That kind of human energy being used to build schools for our children and other institutions for meeting human needs would be conservation translated into stewardship."

In discussing justice, the Rev. Mr. Greene referred to the governmental farm program. "The principle of parity is a Christian principle," he said, "a principle that ought to apply not just to the farmer, but to all people." He said it should be applied "not just to our own country, but throughout the world . . . (It) must apply to the rural non-farm family, the city family, the Indian, the African, the Hotentot."

He spoke of the virtues of the small community where "we live face to face" and the role of the church in the community. He called on his hearers to "share this thing we cherish."

"You Are Church"
Of the principles he advocated, he said, "They can be preached about by the minister but they can only be done by the church, by the clergy and laity bonded together in one great fellowship." Commending the work of the Rev. Mr. Frantz, he said that it depended upon the people of the church. "Only as you respond, as you are aroused by him can he be a great minister. You are the church. Tomorrow the church will not be here on this corner, it will be where you are, on the farm, in the factory, in the school room."

WAYNESBORO, Va. (AP) — Charlie (Dad) Houghton recalled that he had killed 20 deer and 19 bear when he bought his hunting license. But he admitted his hunting covered a long period. He gave his age as 90.

More than 50 children and adults attended the special services for deaf persons at Christ Chapel, Gettysburg Co. age, Sunday afternoon at 2:30 o'clock conducted by Rev. Earl Schlottzauer, pastor of the Upper Meridian Lutheran Church, Idaville. He is shown leading the group in reciting, through sign language, the Lord's Prayer at the opening of the services. Rev. Kendig Bergstresser, Harrisburg, who is shown in the first row center, assisted Rev. Mr. Schlottzauer. Following the services the group visited the Cliff Arquette Museum and had a picnic supper at Swope's Park.

45,000 PTA MEMBERS GET HOMEWORK

DENVER, Colo. (AP) — Representatives of more than 45,000 Parent-Teacher Assn. groups are getting homework assignments designed to keep them busy for the next three years.

A 44-page program dealing with virtually every phase of home, school and community life is being distributed to delegates to the 63rd convention of the National Congress of Parents and Teachers here.

The program sets forth more than 75 projects for local groups to tackle. The projects range from monitoring radio and television programs to supporting teaching of foreign languages in grade schools.

3,000 Delegates
Mrs. James C. Parker of Grand Rapids, Mich., national president, said that no local is expected to undertake every project. Each one, she said, should concentrate on the project geared to the most urgent needs of the particular community and age group in which it is most concerned.

About 3,000 delegates are expected at the convention. They represent more than 11½ million members in this country, and in foreign countries where American schools have been established.

The four-day convention opened Sunday.

Five From Here At Reading Meeting

Elder and Mrs. Merton Henry, Mrs. Louise Orndorf and Mr. and Mrs. L. D. Cruze, of the Gettysburg Seventh Day Adventist Church, attended an all-day meeting Sunday of the Dorcas Federation in Reading.

T. E. Unruh, president of the East Penn Conference, and E. W. Pederson, association home missionary secretary of Seventh Day Adventists in Washington, D. C., were principal speakers for the morning session. The theme was "The Joy of Christian Service."

T. H. Weis, home missionary secretary for the East Penn Conference, had charge of the afternoon program.

Mrs. Craig is leader in the local Dorcas Society.

Robert H. Olmstead Is Given Promotion

Robert H. Olmstead Jr., Biglerville R. 2, has been promoted from fieldman to Eastern States feed service staff. His office will be at the Eastern States Middle Atlantic Distribution Office at York.

He will continue to reside at Biglerville, commuting to the office at York when his duties do not take him to other parts of Delaware, Pennsylvania or Maryland, the area Olmstead will be serving.

Olmstead succeeds Royden C. McMinn who has been transferred to feed distribution staff at Eastern States headquarters, West Springfield, Mass.

With Eastern States Farmers' Exchange since 1956, Olmstead was previously with GLF Cooperative Exchange. For two years he was head of the poultry department at Alfred Technical Institute in New York State and he has owned and managed his own poultry breeding farm and hatchery.

Golf Pro Proves He Is A Hunter Too

RED CLOUD, Neb. (AP) — Harry Obitz put away his golf clubs in time to make merry during the Montana and Nebraska hunting seasons. After doing better than all right with the upland game (pheasants and quail) and ducks with golfers Stan Dudas of Philadelphia's North Hills Country Club and Don Taylor of Mare Island Golf Club in California, Obitz bagged a 1,000-pound elk near Missoula, Mont. He also shot a deer near Hyanis, Neb. Obitz, pro at Shawnee-on-Delaware, Pa., uses the elk and deer hides for jackets and gloves.

GROW SESAME

MANGUM, Okla. (AP) — Kay Haddad scraped sesame seed off a loaf of bread and scattered them in his yard. Now he has a good sesame stand.

Girl Scout News

Brownie Troop 62 held its last meeting of the season at St. James Lutheran Church Friday night. Games were played and the girls rehearsed the Flag Ceremony to be given by the troop at the Court of Awards to be held Friday evening at 6:30 o'clock in St. James Lutheran Church Chapel. Leaders were: Mrs. Louis Brady and Mrs. Francis Reinberger. Sunday the girls and their families held a picnic at Camp Happy Valley.

Girl Scout Troop 44 left Friday night for Camp Happy Valley to spend the weekend. 27 Scouts and five adults attended. There was hiking, outdoor cooking, games, skits and completion on the "Story Telling Badge" requirements of the group. Invitations were sent to the families of the troop members to attend the Saturday night program arranged and presented by the Scouts.

A "Calendar of the Year" (each month of the year) was represented by large posters made by the troop depicting the activities and accomplishments of that month. Skits were presented and refreshments were served by the girls wearing aprons made in connection with their seamstress badge.

Mrs. M. Hardy Nichols was presented with a small token by the troop in appreciation of her help in the past five years. Janis Crow, Baltimore, a former member of the troop, returned for the weekend camping trip. The leaders were: Mrs. Walter Johnson and Mrs. Arthur Phil Jr. assisted by Mrs. John Caldwell, Mrs. Edgar Markley and Mr. and Mrs. William Zhea. The troop returned home Sunday afternoon.

Mother Seton PTA Elects Officers

Election of officers was the main order of business at the last meeting of the school year of the Mother Seton School PTA Thursday evening in the school cafeteria in Emmitsburg.

Carmel Kelly, Our Lady of Mt. Carmel Parish, Thurmont, was elected president; Mrs. Ruth Etheridge, St. Anthony's parish, Emmitsburg, vice president; Mrs. Kathleen Shorb, St. Joseph's parish, Emmitsburg, secretary, and Capt. Wayne Golden, St. Rita's parish, Blue Ridge Summit, treasurer.

Out-going President Mark Lannon handed the gavel to the new president, and also expressed his appreciation to the group and to the Sisters for their cooperation during his term. Sister Francis, principal, thanked the outgoing officers for their work and cooperation during the past year.

The results of the balloting which took place at the April meeting were reported to favor the following: Number of parent-teacher conferences, four meetings each year; months in which these meetings are to be held, January, March, May and October; group meetings, to be held on Sunday afternoons from 3 to 4:30; children to continue bringing their report cards home.

After the business the two First grade rooms presented entertainment by the Mother Seton School Rhythm Band and "Alice in Wonderland."

Lee Earmarks New Comedy For 1959

NEW YORK (AP) — C. Y. Lee whose novel "The Flower Drum Song" was transformed into a Broadway hit by others, is turning to playwrighting himself now. Lee is putting the finishing touches to a comedy, "The Burma Road," which is earmarked for production this season.

Firemen Burn House To Train Volunteers

RICHMOND, Va. (AP) — Glenwood Farms firemen burned down a home after setting it afire several times.

The building was abandoned. They set fires in several rooms, then put them out. It was all to train volunteers. When the building finally burned the volunteers engaged in a water fight.

May Settle Six Hospital Strikes

NEW YORK (AP) — A tentative agreement to end a strike affecting six private hospitals was announced today by Mayor Robert F. Wagner.

He said the proposal will be submitted for approval to the membership of the striking Local 1199 of the Retail Drug Employees Union, possibly by Tuesday.

Details were not disclosed. Union representatives declined to say whether they would recommend approval by the membership.

The union seeks recognition as bargaining agent for about 3,500 kitchen workers, elevator operators, nurse's aides, orderlies and other nonprofessional hospital personnel. The strike began May 8.

The hospitals affected are Mount Sinai, Beth Israel, Beth David, Lenox Hill, Bronx, and Brooklyn Jewish.

Strike At Soup Plant Is Settled

CAMDEN, N.J. (AP) — The first of 2,800 employees in two Campbell Soup Co. plants returned to work Sunday night. Work had come to a standstill April 28.

Both company and union officials said they planned to resume normal operations by Tuesday. Staggered shifts were scheduled today.

Sixty cleanup employees went back at 10:30 p.m. Their return came after a meeting of 500 members of Local 80-A, United Packinghouse Workers.

Management and employees were at odds over job classification and assignments involving the labeling operators. The company called it a strike. The union said it was a lockout.

Steel Talks To Resume Tuesday

NEW YORK (AP) — Contract negotiations in the basic steel industry will be resumed here Tuesday after a recess since Friday.

Teams of negotiators for the 12 largest steel companies and the United Steelworkers Union are working against a deadline of June 30—expiration date of the current three-year contract.

The wage talks began May 5. If agreement on a new contract is not reached by June 30, there almost certainly would be a strike by 500,000 union members in the basic steel industry.

The union is seeking a wage increase, a cut in the 40-hour work week and other benefits. The basic wage is now \$3.03 an hour.

TOBACCO SLUMP

NEW YORK (AP) — Tobacco slumped while gold shares continued to advance in a mixed stock market early this afternoon. Gains and losses of fractions to about a point prevailed among most leading stocks. Tobacco fell 3 or 4 points on Wall Street talk of another report linking cigarette smoking with lung cancer.

Trading was moderately active after a slow first hour. Liggett & Myers plummeted.

Calves 400; good and choice 30.00-39.00; Choice and prime 39.00-42.00. Hogs 1,400; gilts and barrows 17.75-18.00. Sheep 350; good and choice slaughter lambs 24.00-28.00.

Iran Is Alert

Iraq administers the waterway. Alert to the danger Iran is seeking to make herself independent of the Shatt Al Arab.

There is danger, too, that impatience with waste and corruption in Iran's political life will boil over into internal trouble. Along with Iran's spectacular program for economic development she needs social and political reform to win the confidence of the small educated class which has provided itself so vastly important in other developing countries.

The Shah has indicated changes are on the way. Much will depend on how quickly and how dramatically these reforms take shape.

Agent Recommends Leaf Spot Control

"The severe leaf spot outbreak of 1958 has produced an abundant supply of spores in the old leaves," County Agent Frank S. Zettle said. "Though spray protection will be necessary to maintain leaf spot control at this season. The best time to start this spray is about 10 days after beginning the shuck fall," Zettle said.

Use the following materials in each 100 gallons of spray: Ferbam 76 per cent WP, two pounds dilute, six pounds concentrate; or Glyodin 30 per cent, one quart dilute or three quarts concentrate; or Captain 50 per cent WP, two pounds dilute, six pounds concentrate.

Zettle reminded growers that leaf spot is very injurious to young trees. Use the same fungicides used for bearing trees, he suggested. Spray to obtain good coverage of the under sides of the leaves, including those in the tops of trees.

TENSION RISES AGAINST F.B.I. OVER LYNCHING

POPLARVILLE, Miss. (AP) — Citizens in this south Mississippi sawmill town are showing open irritation today over the FBI's investigation of the Mack Charles Parker lynching.

Reports that the FBI was poised to arrest seven men over the weekend in connection with the lynching failed to materialize. Tension was heightened Sunday when one man was hospitalized for a cerebral hemorrhage a few hours after FBI agents questioned him.

Another man, J. F. Lee Jr., said agents questioned him and his wife twice and followed him more than a week.

Will Defy Quiz

J. P. Walker, a reported candidate for sheriff, said he would not submit to more questioning "unless they issue a warrant for me." Arthur E. Smith, 32, a stump hauler and tractor driver from nearby McNeill, was hospitalized in undetermined condition after the cerebral hemorrhage.

A physician said he ordered Smith to the hospital Saturday night and described the attack as "caused by high blood pressure brought on by extreme nervousness and tension."

The FBI declined to comment. Cecil Smith, one of the stricken man's brothers, said FBI agents took Arthur from his home May 10, questioned him in Bogalusa, La., where Parker's body was found in the Pearl River.

Quizzed Several Times

For the next five days, Cecil Smith said, agents maintained a continuous watch on his brother from a car parked near his home. They questioned him again later in the week and again Saturday afternoon. A few hours later Arthur suffered the attack.

The agents apparently interrogated Arthur Smith about his whereabouts at the time 8 or 10 hooded men dragged Parker from his Poplarville jail cell into a car. The April 25 mob action came two days before Parker's scheduled trial on charges of assaulting a pregnant white housewife.

Martin headed the railway police; M. W. Hammond, Hagerstown, was the engineer and R. L. Long, Hagerstown, the conductor.

"Beautiful Trip"
H. S. Thomas, Washington, a member of the trip committee for the Washington, D. C., chapter of the National Railway Historical Society, said the group had "a beautiful trip" from Washington to Baltimore and then over the Western Maryland to Gettysburg. He estimated about 120 of those on the train were members of his organization and the remainder were the general public.

From here the group traveled to Hagerstown and then back to Baltimore.

J. Howard Gaines, local Western Maryland agent, pointed out to the historians that from Gettysburg the tracks follow, as far as Virginia Mills, the route of the old "Tapeworm" railroad of Thaddeus Stevens. He described the "tapeworm bed" through Virginia Mills into South Mountains as a "better grade than the route we chose when we branched off from Stevens railway."

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

New Houses: Mr. Henry J. Fahnestock is putting up a large and handsome building on the S. E. corner of Middle and Wash- ington streets. Mr. Waybright Ziegler one adjoining on the east and Mr. D. Kandlehart is prepar- ing to erect a handsome building on Baltimore St., opposite the new court house.

A first class male and female seminary is about being estab- lished in Hanover, and the building known as "Pleasant Hill" has been purchased for the purpose. Pro- fessor Essick, principal of the Lutherville Seminary, and former- ly of this place, is to assume the government of the institution. It will go into operation in Septem- ber.

The Passenger Depot is now completed, and represents quite a tasty appearance. The passenger car runs in and out, rendering it more pleasant and convenient than heretofore. A bell of excel- lent tone has been placed in the cupola, which is rung 15 minutes before the leaving of the trains.

Judge Fisher has recovered from a severe attack of scarlet fever under which he has been laboring for some time past, and which caused his absence from our last court.

Rev. L. A. Gottwalt, of the The- ological Seminary, has received a unanimous call from the Evan- gelical Lutheran Church at Spens- burg and will enter upon his duties in October next.

SEVENTY-FIVE YEARS AGO
Local Items: Dr. D. Stuart Watson has opened a dental office in Fairfield.

Rev. L. M. Gardner, of Balti- more, called to see us last week on his way to his old home in York Springs.

New Oxford Citizens Band will have an excursion to Pine Grove on Monday.

The Town Council are putting down additional fire plugs. Bur- gess Tipton informs us that the delay was occasioned by failure to secure the necessary connecting pipes.

Gove, Pattison, Gen Hartman and other prominent officials will come to Gettysburg next Saturday to arrange for the camp of the Pennsylvania National Guard.

John G. Frey, while painting the front of the Witherspoon prop- erty on Carlisle Street on Satur- day, fell from a ladder and faint- ed. He was for a little while in- sensible, but Dr. R. Horner being called in found that no serious injury had been sustained.

On Wednesday while Jacob Selak, of York, was repairing the tin roof on Stauffer's three-story bakery, he fell to the pavement below, sustaining terrible injuries.

On the 12th inst the following were elected officers of the Han- over Junction, Hanover and Gettysburg Railroad: President, Capt. A. W. Eichelberger; directors, Peter Flickinger, Wm. Grumbine, Reuben Young, R. M. Wirt, Stephen Keefer, Henry A. Young, Matthew Eichelberger, Hon. Da- vid S. Wills, Charles W. Slagle, William Buehler.

Improvements: The parsonage of St. Francis Xavier's Church, on High Street, has been papered throughout.

Mr. Jacob's new brick dwelling on Chambersburg street is going up rapidly.

David Kitzmiller is adding shut- ters and repainting his house, and John Tawney is putting in new windows and shutters—both on Baltimore Street.

Mr. Mumper has enlarged his photographic rooms, taking in the office formerly occupied by Edw. J. Cox, Esq.

The property of Peter Shively, Esq., on Baltimore St., has been repainted and fitted up, and paint- ers are engaged on Hon. Wm. A. Duncan's property.

The Wattle building, on West Middle Street, has been repainted. Col. McClellan is improving his hotel, enlarging the bar room and adding eight or ten sleeping rooms.

Today's Talk

JUST BE YOURSELF

With so many millions of other people in the world, why should anyone want to be someone else? Each one of us is unique, and we should stay that way, for it was the way we were created. We are the most perfectly con- ceived piece of machinery ever created! Not a single nose, eye, ear, mouth or face exactly like someone else's!

Most of us are well born. There has been many a one who in this free land has risen "from rags to riches." And many a farm boy has distinguished himself. The fact is that in free America we have a "Who's Who" in hamlets scattered across miles and miles of territory.

Just be yourself and you will be distinguished. Try to imitate someone else and you are apt to be a nobody. Personality is something that has been born in one, and it takes little to bring out the fact. One thing is outstanding, however. The more intelli- gent the person the greater his or her personality is sure to be. Courage, patience, humility, kindness and understanding are a few of the things that contribute to an outstanding personality. A kindly voice has often sent a message of love and good cheer around the world! Such a one may not be wealthy in money, stocks and bonds, but richer in character and personal charm. They are those who have feeling and sympathy toward all man- kind.

Just be yourself and people will hunt you out! You will be re- membered and beloved longer than any person, no matter how long numbered in years. Useful- ness will keep you healthy and happy while you live here and now.

A CONVICTION
This is how I feel about it:
No use fretting over care,
No one ever lived without it,
Bound to meet it everywhere.
Best to let it find you grinning,
Best to take it with a smile;
Some day you will strike a
winning,
Reach the top in proper style.This is my one firm conviction:
Worrying has never paid,
Fretting is as false as fiction;
By it failures oft are made.
Cheerfulness is half the battle,
Smiles are half the shot and
shell;
Frowns have oft been known to
raffle
Men who might have finished
well.This I'm absolutely sure of:
Optimistic toilers win.
There is nothing like the lure of
One good healthy, cheerful
grin.When a man has mastered
fretting
And can smile at grim
despair,
Naught can keep that man from
getting
To the heights where all is
fair.

CLinton 8-6120TWO SURVIVE
PLANE CRASH
AND 5 DAYS OF
ARIZONA HEAT

KEARNEY, Ariz. (AP) — Two Arizona men were brought to safety Sunday after a five-day fight for survival against starva- tion, heat and pain in a desolate area of south central Arizona.

Lonnie Davison, 44, and R. V. Powell, 33, Tucson construction workers, had been injured and stranded in the barren wasteland since last Wednesday when their small plane crashed on a flight between Ray, Ariz., and Tucson. They had no food, no water and the temperature reached 100 de- grees each day. There was little shade.

Struggled Eight Miles
Davison, dehydrated and suffer- ing a broken ankle and cracked vertebra, was found stumbling and crawling down a rocky gulley near this small mining commu- nity. He had struggled eight miles across the desert attempting to reach the nearby Gila River for water and help.

He pointed out to search parties the site of the wreckage where Powell lay with a broken arm, a broken leg and possible chest in- juries.

Both men were flown to a Tuc- son hospital by an Air Force heli- copter. Davison's condition was reported as good. Powell's se- rious.

Tried To Signal
"I didn't know just how, but I knew I would get out," Davison said from his hospital bed.

Davison found some cacti and dug into the thorny plants with bare hands to scrape out a small amount of liquid.

"I saw a lot of search planes pass over," he said, "and I tried again and again to signal. I would set fire to the dry bushes. Nobody saw the fires. Then my lighter ran out of fluid."

"I don't want to talk about it now."

"He's Awfully Rugged"
Davison's 17-year-old daughter Valerie said her father told her of how he pulled an unconscious Powell from the wreckage, stripped off his gasoline covered clothes and laid him near the plane.

She said Davison would bury himself under sand each day for protection from the blistering sun. Valerie said, "Mother and I al- most had given up hope. But dad never quit. He's not a very big man, but he's awful rugged."

FIVE NEGROES
PERISH IN FIRE

PHILADELPHIA, Pa. (AP) — "Mommy will put out the fire. Everything will be all right." Dorothy Stocker, 38, reassured her five children with these words Sunday when a fire started in her bed in the Negro family's third- floor West Philadelphia apart- ment.

She tried to extinguish the flames with a pillow and pans of water before leaving the apart- ment to seek help from others in the building. When she tried to return to her apartment the fast- spreading flames drove her back. The children all perished in the

contest in the world today lies between the alert, aroused, deter- mined American classroom teacher, and Communist Party di- rected, Pavlovian trained class- room instructors, all atheistic, whose zealous efforts are directed toward training a technically in- formed, dehumanized socialist youth seeking world conquest." He further said: "Freedoms Foun- dation believes that informed American teachers will not be hoodwinked by the artful propa- ganda of foreign or domestic, sub- versive mind-changers. Freedoms Foundation believes in the Ameri- can teacher's power of spirit, his- toric patriotism and professional skills. They know our nation is in peril. We are confident that they will give us a generation of in- dividual-thinking, cooperative star pupils, patriotically trained and spiritually motivated to totally win out in the struggle with the Kremlin-directed classroom in- structors of atheistic world social- ism."

Teachers in 40 states and the District of Columbia are receiv- ing this Valley Forge Classroom Teachers' Medal in their home schools on graduation day. In 1960, the foundation hopes to award one or more worthy re- cipients in every city, county, public and private school system in the nation.

Distinguished Jury

A distinguished jury, composed of state Supreme Court jurists and elected representatives of national patriotic, service and vet-

erans' organizations, selected the awards recipients from among the records of teachers from every corner of the country whose names had been submitted by citizens interested in continued high levels of citizenship educa- tion in American schools.

Nominations are invited from all Americans—either for Teach- ers' Medal consideration or in the foundation's general program which honors people in all walks of life for things they have writ- ten, said or done to improve knowledge and appreciation of our American way of life.

Freedoms Foundation at Valley Forge is a non-profit, non-political, non-sectarian organization. Presi- dent Dwight D. Eisenhower is honorary chairman. The founda- tion's funds come from the widest national sources—individuals, cor- porations and foundations.

While her husband, Max, and the couple's two children slept, police said Margaret Fleig, 45, shot herself in the head with a pistol. Fleig said the shots awak- ened him and the children, Lore- ta, 16, and Ronald, 8. He found his wife lying on the living room floor, the pistol near her out- stretched arm. She died a few hours later in a hospital.

Fleig told police his wife tried to take her life on May 10 — Mother's Day—but an overdose of sleeping pills only made her ill.

He said she had been grieving since their oldest child, Robert Max, 19, was sent to prison on April 21, 1958, for the 1957 slay- ing of Mary Lou Wagner, 14, in a lover's lane.

Mrs. Stocker said she smoked a cigarette before she retired for the night about 12:15 a.m.

"I laid down in bed but I felt sure I had snuffed out the cig- arette butt," she said.

Her husband, an Air Force en- listed man, has been hospitalized for 13 months, paralyzed from a fall.

2 YOUNG GIRLS
BURN TO DEATH

CARLSTADT, N.J. (AP) — Two young girls burned to death early today in a fire that destroyed their home.

Their father, a patrolman, was tackled by a fellow officer as he tried to dash into the flaming house after driving up in a patrol car.

The officer, William Lown, 34, had been cruising with patrolman Paul Occhiuzzo when the police radio ordered them to a burning house at 6th and Broad St.

"That's my house," said Lown. His was the only home on the corner.

When he arrived the house was sheathed in flames. He tried to run inside but Occhiuzzo tackled him.

It was half an hour before fire- men could enter the house. They found Lown's two children, Linda Elizabeth, 8 months, and Lori, 3½, dead in a second-floor bed- room.

Lown's wife, Sania, was found dazed, in the back yard. Firemen said they did not know how she got there.

WORLD BRIEFS

TAIPEI, Formosa (AP) — Ped- icab Pullers making war on me- tered taxis pulled a U.S. Navy man from a taxi today and beat him unconscious with bamboo clubs.

The sailor, Lewis T. Wright of Reading, Calif., suffered a slight brain concussion but his condition was not serious.

TIMMINS, Ont., (AP) — All Ca- nadian hunters were asked today to help the town of Timmins fur- nish bearskins to replace the shab- by headgear of the Buckingham Palace Guard. Mayor Leo del Vil- lano, who organized the hunt for skins to replace the moth-eat- en ceremonial headgear, appealed

for help in the hunt which began Saturday and continues until June 15, the end of the bear season.

HAVANA (AP)—Prime Minister Fidel Castro's cabinet Sunday en- acted a much-trumpeted land re- form law to curb the size of ranches and sugar plantations, many of them American owned, and distribute the balance of the holdings to landless peasants.

Initial reports reaching Havana said the new law restricts ranch holdings to 3,333 acres and sugar and other plantations to 1,000 acres.

Lands will be parceled out to landless peasants on the basis of 67 acres per family of five. Each family will have the opportunity to purchase an additional 100 acres.

LONDON (AP)—Special police guards patrolled Notting Hill, Lon- don's little Harlem, today to stave off a renewal of race rioting.

Tension rose in the slum area after the murder Saturday night of a Negro by a gang of white teen-agers after they taunted him with "Jim Crow" jibes.

The murdered man was tall, be- spectacled Kelso Cochrane, 32, a carpenter who was saving for a June wedding. He was walking home alone when the attack oc- curred.

VATICAN CITY (AP) — Pope John XXIII told a vespers audience in St. Peter's Sunday night he feels "many bitter sorrows" over persecution of Roman Catholics in Red China and Hungary.

"We must report that the situa- tion (in China) has now become even more serious," he said. "Pressures are being brought on the Catholics there to force them to give up their allegiance to the Pope and to our Church."

Pope John said "another deep grief" during his first seven months as head of the Roman Church was occasioned by the sit- uation in Hungary, "where the government is making it ever more difficult for the bishops to carry out their duties."

YANKEE FIRMS ARE WATCHING EUROPE TREND

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—American firms seeing some of their export markets dwindle while industrial imports into the United States rise are watching one business trend in the European Common Market with apprehension.

The speed with which businessmen in the six nations are making mutual manufacturing and sales pacts to dominate the European market and perhaps swell their share of overseas trade. The trend is spreading beyond industry to banks and stock exchanges.

The British and the Swiss are just as watchful as Americans.

Cartel Never Used

The ugly word cartel is never used, nor the word trusts—business pacts long and unpopular and even illegal in the United States.

Officials of the European Economic Community (common market) in Brussels say they are

watching lest cartels or trusts develop.

But agreements among companies and even whole industries are multiplying in the six nations — France, West Germany, Italy, Holland, Belgium and Luxembourg.

Businessmen have made much more speed working toward unity than have the politicians working at the tariff, quota and currency level.

Organizations of businessmen are federating, too. Associations in the six nations which are like the National Assn. of Manufacturers in the United States have formed an over-all federation — UNICE (Union des Industries de la Communauté Européenne).

Federations of individual industries are now legion. The national industry groups that have formed six-nation federations include: Steel, coal, nonferrous metals, metalworking, chemicals, rubber, paper, construction, household heating and appliances, clothing, shoes, woodworking, electrical equipment, auto makers, canners, packers, brewers.

Joint Credit Pools

Individual banks in all of the nations, except Luxembourg, have set up a joint credit pool.

The London Stock Exchange is sending an observer. England now holds it is in position to play a leading part in unification of European capital markets.

going ship.

Gov. Lawrence said the historic opening of the state's second world port "adds another dimension to the industrial dynamics of Western Pennsylvania."

In an address prepared for the formal dedication, Lawrence said the port of Erie should do for 20 western Pennsylvania counties what the port of Philadelphia has done for the eastern half of the state.

One of the first deep-draft ships to make the run through the St. Lawrence Seaway, the 258-foot Ville De Quebec, is to arrive here soon to take on 1,131 drums of oil stored at the new Duquesne Marine terminal.

"This is, I am well aware," said Lawrence, "merely a symbol of the tremendous flow of package freight that eventually will move through the port of Erie."

EAGEN SAYS PRESSURE IS 'ONLY ISSUE'

READING, Pa. (AP) — Lackawanna County Judge Michael J. Eagen says judicial experience is the only issue in the primary election battle Tuesday for the Democratic nomination for state Supreme Court.

Eagen, who has the support of the Democratic state organization, is being opposed by Justice Thomas D. McBride, a Philadelphia Democrat, serving an interim appointment on the high court.

Referring to McBride's contention that he should be elected to a full 21-year term under the "sitting judge" principle, Eagen told a rally of Berks County Democrats Saturday:

"Our state constitution recognizes no such thing as squatter's rights on the court."

"The Acid Test"

Eagen has been a judge for 18 years.

McBride was appointed to the court late last year by the then Gov. George M. Leader following the death of Justice John C. Arnold of Clearfield. McBride also is running for the Republican nomination for the court seat.

Superior Court Judge Blair Gunther of Pittsburgh has been endorsed by the Republican state organization for the GOP nomination.

Eagen said the primary represents "the acid test of whether the Democratic party will emerge, once and for all, as the majority party in Pennsylvania in the next general election."

Gunman Nabbed After He Terrorized Family Sunday

By DON ROTH

ST. LOUIS, Mo. (AP) — A gunman deserted his dying holdup partner after a drug store gun battle with two detectives, then terrorized a family and a hostage Sunday before police flushed him from a dingy attic. He was still defiant but out of ammunition.

The desperado, 32-year-old Ivan L. Deckard of Heltonville, Ind., was bleeding from an arm wound. Two detectives also were wounded, neither seriously, in the gun fight in a neighborhood drug store at suburban University City.

Cornered two hours later and five miles from the holdup, Deckard said: "I only regret I didn't have more bullets. I'm not yellow; I just ran out of ammunition."

Release Hostage

A short time earlier near his hiding place in North St. Louis, Deckard had released his hostage, 23-year-old Richard Wetzel of suburban Wellston. Wetzel was unharmed.

"This is, I am well aware," said Lawrence, "merely a symbol of the tremendous flow of package freight that eventually will move through the port of Erie."

"But it is tangible proof of the wisdom and work that has gone into the planning for this great day, and for the future."

The governor lauded local officials for their part in developing port facilities in this community of 130,000 and he renewed his campaign pledge to ask the state Legislature for \$600,000 to expand wharves and warehouses during the next two years.

But he added, Erie and Erie County are faced with a challenge "to continue to enlarge these port facilities, and to continue to convince industrial leaders of the nation that an Erie location puts their products at the doorstep of the world's markets."

Lawrence said the Great Lakes region "inevitably is becoming the industrial heartland of America."

"On this basis there is no reason why Erie cannot challenge the present giants — Buffalo, Cleveland, Detroit, Chicago, Toledo and Milwaukee—for a greater share of industry that needs, or desires shipment by water."

"For Erie and all western Pennsylvania, the world is shrinking."

200 WITNESS
SCOUT AWARD
EVENT SUNDAY

More than 200 parents and friends of Scouts and more than 100 Scouts and leaders of the Cub pack, Scout troop and Explorer post gathered on Memorial Field at Littlestown on Sunday for the annual charter presentation ceremonies when awards and advancements also were given. C. Stanley Rogers, Gettysburg, Black Walnut District field executive, and Charles E. Ritter, Black Walnut District chairman, represented the district and participated in the ceremonies.

The afternoon's events began with a parade of the members of Cub Pack 84 and the den mothers with Robert Altoff and Gary Long as flag bearers; Boy Scout Troop 84 with Robert Horner and James Bittle as flag bearers and the Explorer Post members from the Scout headquarters on M street to Memorial Field. The parade was led by the color guard of the Ocker-Snyder Post No. 321, American Legion, institutional sponsor of the Cubs, which included Marvin F. Breighner, Guy L. Conover, Ralph R. Ruggles and Richard W. Staley. The program opened with a salute to the colors and Ralph Ruggles served as master of ceremonies, introducing field executive Rogers.

Awards Presented
Mr. Rogers noted that the Littlestown groups are outstanding in the district. The institutional representatives accepted the charters, Beaven F. Hanlon, of the Legion, for the Cubs; Luther D. Snyder, of the Rotary, for the Scouts and David S. Kammerer, who is chairman of the interested group of local citizens sponsoring the post, for the Explorers.

Banner awards were given to Scoutmaster Edgar A. Wolfe and Post Advisor David S. Kammerer for 100 per cent subscriptions to Boys' Life, official Scout magazine. Other awards presented by Mr. Rogers were ribbon award to Cubmaster Stewart N. Long for re-registering on time; the highest honor on a local level, the God and Country plaque to both the pack and the troop, and a ribbon award to the post. Luther D. Snyder, who has been working with Boy Scouts ever since their organization locally, was also given a card of recognition.

Cub Events First
Charles E. Ritter, Glenwyn Drive, as chairman of the Black Walnut District, explained the program as carried out in district Scouting and expressed appreciation to the organizations and local citizen who sponsor the program in the community.

Cubmaster Stewart N. Long, assisted by den mother secretary, Mrs. Richard Hartlaub, were in charge of the Cubs' award ceremony. Three new boys, Norman Redding, Stephen Snyder and Charles Everhart, were inducted as Bob-Cats. Wolf badges went to Richard Adams, Larry Hull, Walter Mehning, Steven Redding and Craig Zumbum; Wolf gold arrows to Steven Redding and Terry Wolfe; and Wolf silver arrows to Steven Redding, Douglas Ruggles, William Snyder and Robin Weaver, two each to Dennis Musselman and Terry Wolfe.

Bear badges were awarded to Gerard Altoff, Earle Black Jr., Larry Garland, Coburn Hahn, Allen Hartlaub, Kenneth Hartsock, Daniel Ingram, Kenneth Mayers, Bernie Noble, James Rohrbach and Robert Sneeringer; Bear gold arrows to Gerard Altoff, Ronald Beaver, Earle Black Jr., Ronald Bream, Larry Garland, Allen Hartlaub, Kenneth Hartsock, Daniel Ingram, Kenneth Mayers, Bernie Noble, Coburn Hahn and James Rohrbach; Bear silver arrows to Earle Black Jr., Larry Garland, Kenneth Hartsock, Kenneth Mayers, James Rohrbach and to Thomas Fox, two.

Ten Cub Scouts received their Webelos badges, the highest award in Cub Scouting from their Webelos trainer, assistant Scoutmaster James P. Hahn.

Recipients of the Webelos badge and also of Cub Scout graduation certificates were Dennis Hiltbride, James Bigelow, Ronald Duttera, John Schuchart, Gary Long, Jon Prato, Steven Renner, Thomas Byers, Lynn Claybaugh and Allen Trostle. Scoutmaster Wolfe accepted the boys into the troop.

Pins For Mothers

New den mothers received their den mother's pins as follows: Mrs. Jacob Adams, Mrs. Robert Weaver, Mrs. Luther W. Ritter and Mrs. Junior T. Bittle. Mrs. Richard W. Staley and Mrs. Francis Prato are retiring as den mothers and received gifts of plants from the pack in recognition of their services. Other den mothers in attendance were Mrs. Robert V. Weaver, Mrs. Murice E. Bream, Mrs. Donald C. Feaser, Mrs. Richard Hartlaub, Mrs. Beaven F. Hanlon, Mrs. E. Paul Bigelow, Mrs. Samuel J. Snyder, Mrs. Kenneth Hartsock, Mrs. Lewis H. Fox, Mrs. Ralph Ruggles was not able to be present. The pack committee includes Elmer W. M. Duttera, Robert Myers, Ralph R. Ruggles, Beaven F. Hanlon and Lewis H. Fox. Den chief shoulder cords were presented to Larry Altoff, Thomas Gingrow and James Long. In listing the activities of the pack during the past year, Cubmaster Long noted that there were 71

advancements in rank, 22 Bob Cats were received, 16 Cubs were graduated, 46 gold and 44 silver arrows were awarded. There are at present eight dens with a membership of 60 Cubs, 16 den mothers and seven den chiefs.

The Cubmaster also announced activities for the summer to include participation in the Memorial Day parade in uniform, if possible, meeting at 6:15 p.m. May 29 in the vicinity of the high school; the annual family night picnic and fishing contest on Wednesday, June 17, at the fish and game farm; the annual Red Cross swimming instructions at Crouse's pool July 20 to 31 and those boys who graduated are eligible to attend these instructions; annual over-night hike on Friday, August 21, meeting in the rear of the East King Street School at 6 p.m. to go to the fish and game farm. The date for the attendance at a big league baseball game in Baltimore will be announced.

Former den mothers and Cub leaders who were in the audience were recognized by the master of ceremonies after which Scoutmaster Edgar A. Wolfe and Assistant John R. Rudisill presented the advancements and awards to Boy Scouts of Troop 84.

Get Tenderfoot Awards

Francis Redding, Neal Leister, Philip Study, William Staley and Paul Schwartz received their tenderfoot awards. Dale Starry and Gregory Smith advanced to second class Scouts and James Bowser, Terry Crabbs, Eddie Ruggles, James Strevig, Stephen Study, Terry Arbogast and Thomas Gingrow to first class Scouts.

Merit badges earned were presented to Larry Altoff, for art; Thomas Gingrow for pottery and Timothy Stites for bookbinding and Citizenship in the Home. Two troop members, James Bowman and Charles Hahn, advanced to Star Scouts and they received their awards from their mothers, Mrs. Paul Bowman and Mrs. Kathryn Hahn. Four Scouts were transferred to Post 34, Jeffrey Breighner, Thomas Shildt, Charles Hahn and Ronald Smith, and this group was accepted by Post Advisor David S. Kammerer.

The Scoutmaster presented his assistants, John R. Rudisill, Sr., Paul E. Renner, John R. Rudisill Jr., James P. Hahn, Victor Reynolds and Carroll Reed. The troop committee includes L. D. Snyder, Erwin A. Rebert, Charles E. Ritter, Paul L. Hollinger, Paul R. Snyder, Wilbur A. Bankert, Warren C. Harner, Albert J. Bair and Cloy I. Crouse. BROTHER OF U.S.
SENATOR LOST

PEMBROKE, Maine (AP)—Dr. Ronald Bridges, 53, prominent lay religious leader and brother of Sen. Styles Bridges (R-NH), was feared drowned today in the Penamagan River.

His small boat was found overturned in the river Sunday a short distance from the family home-stand here.

State Police reported Bridges, a doctor of philosophy and theology and religious adviser to the U.S. Information Agency, presumably drowned.

He came to Pembroke a week ago for a fishing vacation from his duties in Washington. His wife accompanied him to Pembroke but returned to their Washington home Friday.

Sen. Bridges, who is hospitalized in Concord, N.H., for an eye inflammation, was told of his brother's disappearance. His physician said the senator cannot leave the hospital for another day or two.

Dr. Bridges is a former president of the Pacific School of Religion at Berkeley, Calif.

Dulles Papers Are
Given To Princeton

WASHINGTON (AP) — Personal diplomatic papers of John Foster Dulles will be given to Princeton University.

A group of Dulles' friends will finance the building of a library of diplomatic history which will bear his name. Film copies of many official State Department documents of the past six years also will be housed in the two-story structure at Princeton, N. J.

The library will be a tribute to the former secretary of state who is now seriously ill with cancer. He has been further weakened by pneumonia.

Dulles, 71, has been a patient at Walter Reed Army Hospital since Feb. 12, except for a brief rest in Florida. He resigned April 15 as secretary of state but was retained by President Eisenhower as a personal consultant with cabinet rank.

Dulles already has given thousands of his personal papers to Princeton to start the library.

of the troop by Vernon C. Reaver.

Plan Hatteras Trip

Assistant Scoutmaster Renner in his resume of troop activities noted that the first God and Country award in the troop was given during the past year and there were two advancements to Eagle Scout; 11 to first class, 26 to second class, 14 to tenderfoot and 33 merit badges awarded. There were 196 tests passed and seven merit badges earned during the annual Boy Scout week's camping at Natural Dam.

There were 132 regular meeting hours; 37 special meeting hours; 110 miles hiked, 26 times swimming; 60 miles covered by canoe and 16 nights of overnight camping during the troop's year of activities.

David S. Kammerer, advisor of Post 84, also gave an account of activities performed in the four-point program of the Explorer Post, social, service, vocational out-of-doors. There are approximately 30 Explorer Scouts and the advisor invites boys of 14 or over who are interested in Post activities to join, whether or not they have been Boy Scouts. He also explained in brief the newly adopted Explorer program and announced that the Post is planning a ten-day trip to Cape Hatteras off the coast of North Carolina for their top summer activity.

The ceremonies concluded with the Scoutmaster's benediction and taps played first by Keith Walman and the echo by Ronald Ruggles.

Citizens Become
A Magnetic Dot

WASHINGTON (AP) — Next year you're going to be just a magnetic dot on a piece of tape somewhere in the Census Bureau.

In the 1950 census you were a hole in a punched card. But that's horse-and-buggy times compared to the gleaming new electronic brains the Census Bureau proudly showed off today.

On one of those the entire population of the United States can pass in review at the rate of about 2,000 persons per minute and come out tabulated by sex, race and age.

Punched cards still are used on small, special projects at the bureau in Suitland, Md., near Washington. But for the 1960 census it will be magnetic tape. The cards simply are too slow for the new computers.

The bureau has about 5 million dollars invested in computers and their auxiliary equipment and runs them just about 24 hours a day seven days a week.

22 Accidental
Deaths In State

By THE ASSOCIATED PRESS
At least 22 people died accidentally in Pennsylvania over the weekend, 14 of them on the highways.

In other accidents, a man drowned, a teen-ager shot himself accidentally and five children perished in a fire at their home in Philadelphia.

One of the worst traffic accidents—near Bloomsburg early Saturday—killed two air force enlistees and injured a third. Their

Baby Suffocates
In A Plastic Bag

NEW KENSINGTON, Pa. (AP) — Ten-month-old William G. Houser was found suffocated in his home early Sunday with a plastic slip-cover over his face.

The infant's father, James Houser, told police he put the boy to bed on the couch about 10:30 p.m. Saturday. Three hours later he found the infant wrapped in the heavy plastic.

Police said the couch had served as the baby's crib since its birth. The Housers have three other children and Mrs. Houser is expecting another.

The death was the second under similar circumstances in the Pittsburgh area within a week. Last Wednesday 11-month-old Wayne Rampero of Baldwin Borough was found suffocated by a plastic bag in his crib.

St. Paul is 10 miles away from its "twin city" Minneapolis.

Beef Buying; Vegetable Fruit Freezing; Wash And Wear Fabric Tips Given

Mrs. Helen Tunison
Associate Home Economist

Two guides for determining beef quality are the marbling and the U. S. Department of Agriculture (USDA) grade mark.

Marbling refers to the fat in the meat. It is the lace-like intermingling of fat with lean that gives meat much of its flavor and indicates tenderness. After cooking, meat with much marbling is juicier and has more flavor than meat with little marbling.

The USDA grades are short cuts to judging quality. USDA prime is the highest grade. Meats labeled USDA prime have liberal amounts of fat and are usually sold to restaurants and hotels. USDA choice is the second highest grade. It has good fat marbling and is usually sold at retail stores. Many cuts of choice beef may be

cooked with dry heat methods. USDA good beef isn't so well marbled as choice. When cooked, beef cuts labeled USDA good will not be so tender or juicy as cuts labeled choice or prime. Good beef is satisfactory for many purposes, but generally water must be added during cooking to make it tender.

Freezing Is Easy
Freezing is a simple, quick way to preserve fruits and vegetables at home.

When fruits and vegetables are properly prepared, packed, and frozen, the quality is well preserved. But the quality of the frozen product will be no better than the quality of the food put into the freezer.

Some varieties of fruits and vegetables freeze better than others. In general, fruits and vegetables are ready for freezing when ready for serving. They should be frozen immediately after being picked.

Use Good Packaging
Use good packaging materials for freezing. It doesn't pay to use inferior containers for quality

and sequins. She carried a colonial bouquet of white carnations centered with a white orchid.

Three Attendants
Miss Janet White, R. 3, sister of the bride, served as maid of honor. She wore a yellow ballerina-length gown of silk organza over a tulle ruffled underskirt, fashioned with white lace at the waistline accented with a satin ribbon of matching color. She wore a matching headdress with

products. Pack food in containers that hold the number of servings the family will eat in one meal.

After fruits and vegetables are packed, freeze at once. Freeze no more than two pounds of food at one time for each cubic foot of freezer space. To aid freezing, place packages so air circulates around each one.

Store frozen foods at zero degrees or below. Temperatures above zero degrees reduce quality. Most fruits and vegetables can be satisfactorily stored in a freezer for 7 to 12 months.

For more information on freezing fruits and vegetables, write or call at the Agricultural Extension Office for a free copy of Circular 464, "Preparing Food for Your Freezer."

Wash And Wear
Wash and wear fabrics present problems to the woman who sews at home. These fabrics cannot be pulled and straightened but must be cut as they are.

For good results with a wash and wear fabric, choose a pattern with as few and as inconspicuous seams as possible and with no intricate tucking or decorative edge stitching. If the seams are on a slight bias, they will have less tendency to pucker than if they are on straight grain.

To prevent puckering see that sewing machine tension and stitch length are correct for fabric weight. Test different tensions and stitch lengths on fabric scraps. For medium and lightweight fabrics, 12 to 14 stitches to the inch and a fine needle will work well. Correct any puckered seams before finishing a garment as puckers cannot be ironed out.

Use either mercerized cotton, dacron or nylon thread on wash and wear fabrics. Choose good quality trimmings that won't shrink during laundering.

Press wash and wear fabrics while sewing. Use a steam iron or a warm iron and a press cloth. Be careful not to press in unwanted creases or incorrect seams because they are hard to iron out.

descent sequins, and the fitted sleeves came to a point over the hands. The full bouffant skirt of lace and tulle was worn over a hoop. The finger-tip length veil of pure silk illusion was caught by a queen's crown of lace and pearls. She carried a white lace Bible, a gift of the bridegroom, topped with a white orchid and lilies-of-the-valley.

Attended By Sister
The bride was attended by her sister, Miss Dorothy Gerrick, Littlestown R. 2, as maid of honor, who wore a yellow street-length dress with matching hat-band and white accessories.

Miss Peggy Baadte, cousin of the groom, was bridesmaid and wore a green street-length dress with matching hat-band and white accessories. Miss Gerrick and Miss Baadte carried bouquets of mixed spring flowers.

Miss Barbara Riley, cousin of the bride, was flower girl, and was attired in a yellow dress with

circular veil and white gloves. She carried a colonial bouquet of pink and white carnations.

The Misses Shirley Ann Patterson and Arlene Sanders, both of R. 1, served as bridesmaids. They wore baby blue gowns identical to that of the maid of honor.

They carried colonial bouquets of pink and white carnations. Jay Hartzel, 38 E. Middle St., brother of the groom, served as best man. Gerald White, 313 1/2 S. Washington St., brother of the bride, and Clair Sites, Fairfield R. 1, brother-in-law of the groom, served as ushers.

Reception Is Held
The bride's mother was attired in a dress of turquoise acetate with white accessories. She wore a pink rosebud corsage. The groom's mother wore a beige linen and lace dress with white accessories. She wore a pink rosebud corsage.

Immediately following the ceremony a reception was held at the Cashtown Community Hall after which the newlyweds left for a wedding trip of unannounced destination. For her going away outfit the bride was attired in a beige dress with white accessories. Upon their return the couple will reside at 71 Steinwehr Ave.

The bride is a graduate of Gettysburg High School with the class of '58 and is presently employed by the Bankers Insurance Company.

The groom is a graduate of Gettysburg High School with the class of 1955 and is employed by John S. Teeter and Sons, Inc., Gettysburg.

The bridegroom chose for his best man his brother, Howard Wolfe, Littlestown R. D. Serving as ushers were Bradford A. Wolfe, Littlestown R. 2, brother of the groom; Wilbert J. H. Messinger, Littlestown R. D., brother-in-law of the bride, and John H. Koons, Littlestown, friend of the groom. Ronald Messinger, nephew of the bride, was ring bearer. The men of the wedding party wore tuxedos with white jackets.

Reception Held
Following the ceremony, a reception was held in Friendship Fire Hall, Hanover, with approximately 140 wedding guests in attendance.

The newlyweds left on a week's honeymoon through Virginia. For going away, the bride chose a pink dress with white accessories and an orchid corsage. Upon their return, Mr. and Mrs. Wolfe will reside at 31 W. King St., Littlestown.

The bride is a graduate of the Littlestown Junior-Senior High School and is employed by the United Telephone Company as an operator in the Littlestown office. The groom was graduated from Elkins High School, W. Va., and is employed as a hand finisher at Wheelwright-Folger Inc., Hanover.

ALBANY LOSES 11TH STRAIGHT

By THE ASSOCIATED PRESS

Pal, if you think you've got troubles, if you feel Lady Luck has deserted you, well, hear this plight of the Albany Senators.

The Senators suffered their 11th straight Eastern League defeat Sunday, a 6-3 loss to Binghamton. The defeat pushed Albany further into the cellar, nine games behind league-leading Allentown and two games behind seventh-place Lancaster.

Again, it was the same story: too many Albany errors. The Senators and Triplets were tied 3-3 when Binghamton scored two unearned runs in the eighth on an error and added another in the ninth on two more errors. In all, Albany committed four errors.

An outstanding relief performance by Bob Reiser, who came on in the third to put down an Albany uprising, netted the right-hander his second victory against one loss. The loser was Dave Hill now 0-5.

Allentown Gains
The two teams had been scheduled to play a doubleheader, but the second game was postponed because of cold weather.

Allentown increased its lead to two games by beating York 6-4. Springfield moved into second place tie with Williamsport by defeating the Grays 2-0, and Lancaster swept a doubleheader from Reading, 7-4, and 3-0.

Catcher Bob Tillman led a 10-hit Allentown attack with two consecutive two-run homers in the

third and fourth innings. Dick McCarthy belted a triple and double to drive in Allentown's other two runs. Ron Cote picked up his third victory against no losses.

Vic Davis made his debut for Springfield and came within one out of pitching a no-hit game against the Grays. He retired the first two Williamsport batters in the ninth, but catcher Dick Harris smashed a ground ball between first and second and Dolson Ayers followed with the only other hit off Davis.

ROTARIANS TO
BE HOSTS TO
EMPLOYEES

Each member of the Littlestown Rotary Club will take one of his older employees as a guest for the weekly dinner meeting of the club on Tuesday at 6:15 p.m. at Schott's Hotel. The program will be in charge of the community service committee, composed of Charles E. Ritter, chairman, Arthur E. Bair Sr., Woodrow H. Bowman, Cloy I. Crouse, Clyde W. Crouse, Carl F. Hermann and J. Ray Rein-dollar.

The Junior Woman's Club of Littlestown urgently requests that older children do not use the equipment of the Tot-lot at the

community playground. The club has placed play equipment designed for pre-school age boys and girls on the southwest corner of the public grounds, and it has been noted that older children have abused the riding horses swings, etc., by rough use. It will be appreciated if the school pupils use the remainder of the playgrounds, and allow the small children the exclusive use of the Tot-lot.

All members of the Littlestown Fish and Game Association, Inc., who can possibly assist with work at the Fish and Game Farm, near town, on Tuesday at 6 p.m. are urged to report there at that time.

Home For Weekend

The final meeting of the season of Den. 6 of Cub Pack 84 was held on Friday after school at the engine house. The den mothers, Mrs. Beaven F. Hanlon and Mrs. E. Paul Bigelow, provided refreshments for the occasion, and there was a game session supervised by the den mothers and den chief Larry Altkoff.

Wayne Miller, a freshman at

Franklin and Marshall College, Lancaster, spent the weekend at the home of his parents, Mr. and Mrs. Robert H. Miller, S. Queen St.

Miss Loraine Snyder, daughter of Mr. and Mrs. Paul R. Snyder, Prince St., and a senior at St. Joseph's Hospital, School of Nursing, Lancaster, enjoyed the weekend at her home.

The Cardinals baseball team of the Littlestown Little League will practice tomorrow evening at 6:00 on McSherry Field.

Give To Seminary Fund

The annual collection for the seminary fund received each year on Pentecost Sunday was taken up Sunday at the masses in St. Aloysius Catholic Church. A pastoral letter regarding the fund from the Most Rev. George L. Leech, bishop of Harrisburg, was read by the pastor, the Rev. Fr. William A. Boyle, wherein it was noted that there are 81 young men preparing for the priesthood in the diocese at the present time with 37 in major and 44 in minor

seminaries, in addition to the large class that is expected to begin studies in September.

Banns of matrimony were published for the first time at the late mass between Edward Paul Stull, Hanover, and Anna Elizabeth Ferrebee, of the parish. Tonight the men and boys of the parish are asked to go to the parish cemetery for a clean-up job. This evening at 7 o'clock there will be religious instructions for the junior-senior high students of the parish attending public school and at 8 p.m. for adults. On Tuesday at 7 p.m. there will be a meeting of all the altar boys. The annual graduation covered dish supper of the parish Council of Catholic Women will be at 6:30 p.m. in the parish house. The weekly public party will be on Saturday at 8 p.m. in the parish hall when the committee on arrangements includes Pius V. Pautenis Sr., chairman; Pius V. Pautenis Jr., Harold Krichen, R. SNEAD FIRES
LOWEST SCORE

By GEORGE BOWEN

Associated Press Sports Writer
WHITE SULPHUR SPRINGS, W. Va. (AP)—A phenomenal 59 followed by a tidy 63. An 11-stroke victory in his own Sam Snead Festival. It may not be too late after all for Slammin' Sam to win that elusive National Open Golf championship.

Snead wound up his competitive tuneup for the open Sunday by shooting the lowest 72-hole total score of his 25-year professional career, 259 — 21 under par. It left runner-up Mike Souchak of Grossinger, N.Y., wallowing in his wake by 11 strokes and started up talk again that this may finally be the year for Snead, only nine

Oaster, Ronald Oaster, Fidelis Redding and Robert Oaster. Daily mass this week in St. Aloysius Church will be celebrated at 8:15 a.m. and the children of the parochial school will attend.

Reorganization with election of officers took place at the meeting of the Southern Adams 4-H Club on Thursday at the home of David Slusser, Littlestown R. 1. Elected were: President, David Slusser; vice president, Jon Newman; secretary-treasurer, Thomas Reaver; game and song leader, Douglas Gitt; news reporter, Wayne Shoemaker. There was a discussion on community projects which will be continued at the June 11 meeting when a decision on projects will be made. John Naugle, assistant county agent, was in attendance as well as group supervisor, Mrs. Robert Gitt. The meeting on June 11 will be held at the home of Fred Straley at 8 p.m.

days away from his 47th birthday, to win the open title.

It was the 103rd tournament victory for Snead, including all of note except the open, in which he has been runner-up three times.

"Sure, I'd like to win it," he said today, "because then I'd have won them all. But it's only a prestige tournament."

"I can't seem to get in the mood to win it. The field is not as good as some of the regular PGA tournament's because some of the better players fail to qualify."

"The courses are doctored up to make them unusually tough. That's not golf."

Snead himself will have to qualify for the open June 11-13 at Mamaroneck, N.Y. He'll try it in Washington June 1.

His festival, which he has won five out of 12 times, was only the third tournament for Snead this year.

FACING REALITIES

The existing County Home is badly out-moded and has been repeatedly criticized by grand juries for years. State authorities have insisted that conditions there be brought in line with present-day standards. By unanimous action in 1957 the Commissioners appointed a bi-partisan Advisory Committee to study the needs at the County Home. Their detailed report has been enthusiastically endorsed by the State as a program wholly suitable for, and within the means of, a small county.

Now after almost two years of consideration the Commissioners hope to begin construction of a new home this summer. It is believed that all funds needed can be obtained through sale of less than half of the land of the County Farm and through contribution by the Federal Government, with no county bond issue or millage increase necessary for the Institution District.

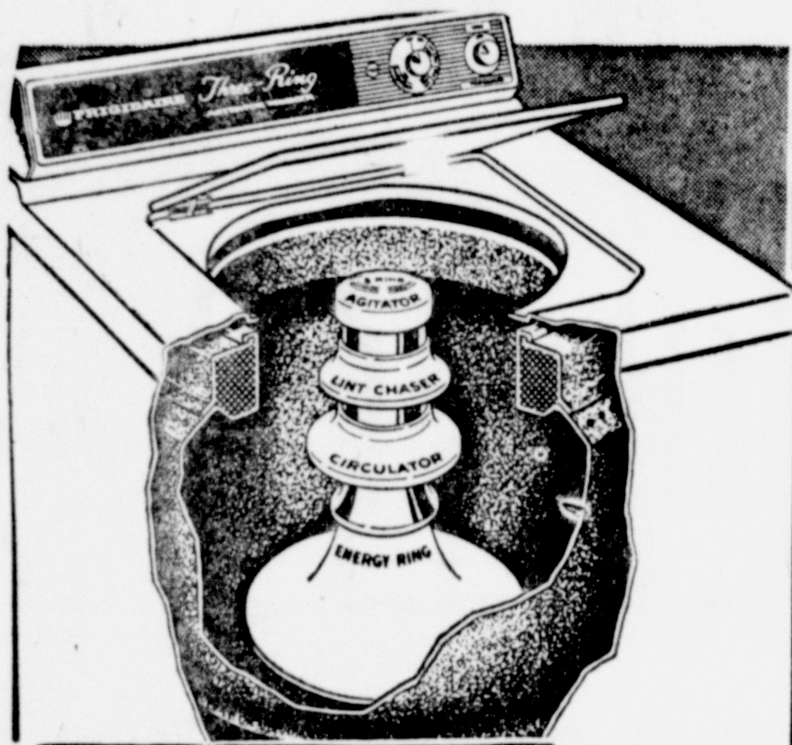

Is Adams County to ignore this program, or face up to it in a realistic, common-sense approach?

SAYS BARRAGE OF ADS ON TV MISSES GOAL

By CYNTHIA LOWRY
NEW YORK (AP)—If you're worried about the effect of television's hard sell on the tender public mind, you may be fretting unnecessarily. Perhaps you should center your concern and the people who produce the hammer-type commercials.

At least, that's the most recent flash from members of the American Psychiatric Assn. which at its recent meeting held a special round-table on mass communication and mass motivation—mean mostly TV.

Creates Inattention
Dr. Jurgen Ruesch of the University of California, for instance, came right out and said what a lot of people have sensed: that the "bombardment of advertising" does not necessarily lead to increasing sales but creates instead "inattentive people who will disregard most messages that tend to distort reality."

"The public," supplemented New York psychiatrist Dr. Bernard L. Paella, is perpetually vaccinated so that it does have some immunity from advertising messages. I think that the public has become accustomed to a continuous barrage of slogans and messages, and over a period of time has become sophisticated about advertising claims. This produces a defensive reaction—an automatic reduction of attention to the television message so that sometimes it is skipped entirely. Sometimes the very contrast between high grade entertainment

Roosevelt Books Given To College

BELOIT, Wis. (AP)—A collection of 600 books and 300 magazines—all dealing with the late President Franklin D. Roosevelt and his period—have been presented to the Beloit College libraries. Many of the books are first editions and others are out of print and unobtainable.

The presentation was made by Dr. Joseph C. Rheingold of Boston, who collected the items as a hobby. He formerly lived at nearby Rockford, Ill.

Home Situated In 2 Southern States

BRISTOL, Va. (AP)—The Gordon Hardin family finds life in a new home a complex interstate affair. They had to register their contract for the home astride the state line in both Virginia and Tennessee.

The mail man locates them when addressed in either state—and so does the tax collector. The home is subject to property taxes in both states. They license one car in Virginia and the other in Tennessee. But Tennessee has no dog tax outside incorporated towns. Virginia does, so Fido is a Tennessean.

APT PUNISHMENT

CASPER, Wyo. (AP)—Four youths arrested for fighting have been ordered by a Casper justice of the peace to continue fighting.

Justice Alice K. Burridge suspended \$50 fines on condition the four boys enter boxing matches sponsored by a Casper high school athletic club.

HITS DELAY IN REMOVAL OF FIRE HAZARDS

By WILLIAM J. CONWAY
Associated Press Staff Writer
"Fire doesn't wait. It will continue to strike as swiftly, devastatingly and unexpectedly as ever."

Connecticut's state fire marshal, Carroll Shaw, sounded that warning.

He spoke out against any delays in eliminating fire perils in the schools now because the old buildings will be replaced by fireproof structures in the future.

Provides Hot Spur

Capt. Shaw reported progress is being made in his state. He suggested that the summer vacation will be a good time to bring the schools up to safety standards.

He was one of the officials consulted in an Associated Press survey of state and city action in the wake of Chicago's disastrous Dec. 1 school fire in which three nuns and 91 pupils perished at Our Lady of the Angels School.

But it also gave a hot spur to officials in other parts of the country.

Flurry Of Inspections

The first and most far-reaching reaction was a flurry of school inspections. At least 50 schools were closed.

Repairs and improvements have been ordered in hundreds of the schools. The costs will run into the millions.

For example: Pennsylvania's Department of Labor and Industry estimates corrective work in that state's public school buildings will cost eight million dollars.

2,023 Correction Orders

A check completed last month brought 2,023 orders to correct the faults. Most of them were minor, but three schools were ordered to close and 19 were directed to shut off their second floors.

Gov. David L. Lawrence asked the Pennsylvania Legislature to give priority, in state aid for new school construction, to districts with schools with fire hazards.

The Los Angeles Board of Education plans to ask the city for more than six million dollars for fire prevention equipment.

Others Closed

Because of the heavy inflow of people in that area the board is spending about 1½ million a week on schoolroom construction. But the outlay has failed to overtake the need. Fire department officials cracked down on overcrowding and, as a result, many schools are on half-day session schedules.

In New York City 2,004 schools were inspected after the Chicago fire. Thirty-six were closed. Eight of them, all parochial, have not reopened.

Fire commissioner Edward F. Cavanaugh Jr. has started semi-annual re-inspections. In addition, a battalion chief will inspect every school once a month—without notice.

Preventive Measures

New York City also invoked these preventive measures:

A daily cellar-to-roof inspection of each school by school officials. A training course for school custodians.

Chicago's City Council has approved ordinances that require automatic sprinklers and linking the school alarm systems with the fire department's network.

Approve Safeguards

Many states and cities are considering—and some have approved—various safeguards. Among them are fire drills twice a month, new alarm and sprinkler systems, fire resistant building materials, enclosed stairwells, added fire escapes and new electric wiring.

Owen B. Kiernan, state commissioner of education, reports that 302 substandard school buildings are in use in Massachusetts.

He noted that more than a half billion dollars in school construction was completed in the state in the past decade. But Dr. Kiernan said that, in times of financial stress, some communities put off repairs and new structures. He added:

"To delay in this way is to weigh dollar and cent values against the lives of boys and girls."

WILL DECIDE ABOUT SALARY OF M'GLINCHEY

HARRISBURG (AP)—The State Justice Department may be asked to decide whether Herbert J. McGlinchey is entitled to \$22,934 in back pay for the two years he was on leave of absence as a member of the Tax Equalization Board.

That was indicated Sunday by a spokesman for Aud. Gen. Charles C. Smith who received a request Friday to make the back payments to McGlinchey.

The spokesman said Smith was
